

REMARKS

In the outstanding Office Action (for restriction only) the Examiner alleged that the claims of the instant application are directed to two patentably distinct inventions and requested election of a claim group. Applicants elect Group II, claims 35 to 40 and 45 to 51, relating to methods of enhancing penile or clitoral erection. Claims 20 to 34, 41 to 44, and 52, corresponding to Group I, are cancelled.

In addition, Applicants request entry of the above new claims 53 to 58. The new claims further define the invention in respect of the presently elected claim group, i.e., methods of enhancing penile or clitoral erection. Claims 53 to 58 find support in the application as filed and no new matter has been added.

If the Examiner wishes to discuss the instant response and amendment or the application, a call may be placed to Stephen Scribner (Reg. No. 44,452) or Carol Miernicki Steeg (Reg. No. 39,539) at 613-533-2342.

Please charge any fees that may be required, for which no cheque is enclosed, to Deposit Account No. 17-0110.

Please continue to address all correspondence concerning this application to Jerry Janssen at Wilhelm Law Service, S.C.

Respectfully submitted,

Carol Miernicki Steeg
